## Short Description

---

6-column set with master control – expandable up to 16 columns

- Electro-hydraulic wheel gripper system with battery operation and wireless control
- Control unit including unit cover on each column for flexible use
- Master unit controls all operating information on each column and an extension up to 16 columns
- Integrated quick charger per column, enables charging during use.
- Mobile kit and forklift attachment on the columns enable a faster change of position
- Safety Control: hydraulic shut-off valve, electronic synchronization monitoring and electromagnetic safety locks
- Safety Lock: ability to lock the load on to the safety mechanism
- Multifunctional mounting via variable wheel fork with individual setting options
